

PROBLEMS THAT REQUIRE A CALL

If any of the below are occurring, or have recently occurred, in your facility call the health department!

Fire, flood, or any time an emergency closure is needed (cannot re-open without approval)

Sewage or grey water back up (anywhere in building)

Significant power outage

Significant structural damage occurs to building (i.e. a car drives through the window, tornado, and storms)

No water and/or no hot water

Misuse of poisonous or toxic chemicals

Illness outbreak (customers or employees)

Customer complaint of vomiting or diarrhea (even if it's just one person)

Employee or customer diagnosed with one of the big 5 (Norovirus, Shiga toxin-producing Escherichia coli, Salmonella, Shigella, Hepatitis A, or other enteric bacterial, viral, or parasitic pathogens)

Call anytime if you have questions or concerns!
