

PROBLEMS THAT REQUIRE A CALL

If any of the below are occurring or have recently occurred in your facility
call the health department!

Fire, flood, or any time an emergency closure is needed (includes accidental discharge of sprinklers or fire extinguishers. Facility cannot re-open without health department approval)

Sewage or grey water back up (anywhere in the building)

Significant power outage (>4 hours)

Significant structural damage to building (i.e. storm damage, a car drives through window, etc.)

No water and/or No hot water available

Misuse of poisonous and/or toxic chemicals

Illness outbreak (customers or employees)

Customer complaint of vomiting or diarrhea (even if it's just one person!)

Employee or customer diagnosed with one of the big 5 (Norovirus, E. coli 0157:H7, Salmonella, Shigella, Hepatitis A)

Call with any questions or concerns!

Area Inspector:

Main office: 612-543-5200

After hours emergency line: 612-543-5217
