

# Hennepin County Hazardous Waste Licensing

## Typical regulated wastes generated by industry

Information about the typical regulated wastes and applicable self-audit forms are included for the following industries:

- Auto body ..... 2
- Construction trades ..... 3
- Dry cleaning ..... 3
- Equipment and tool maintenance and repair ..... 4
- Healthcare – Dental clinic ..... 5
- Healthcare – Long-term care facility ..... 5
- Healthcare – Medical clinic ..... 6
- Healthcare – Pharmacy ..... 6
- Healthcare – Veterinary clinic ..... 7
- Machining and manufacturing ..... 7
- Metal finishing ..... 8
- Painting ..... 8
- Printing ..... 9
- Property services, property maintenance and landscaping services ..... 9
- Retail ..... 10
- Transportation services ..... 10
- Vehicle repair ..... 11

**Industry: Auto body\***

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Batteries	Lead-acid batteries
Generic Form 2	Lead wheel weights
Generic Form 2	Antifreeze
Lamps	Fluorescent lamps
Refrigerants	Refrigerants
Paint	Waste paint/spent thinner Paint thinner distillation sludge Paint booth filers
Generic Form 2	Other

\*Businesses in this industry can complete the Hazardous Waste Licensing Step 2 online form for vehicle, equipment and tool maintenance and repair industries instead of submitting the paper specific waste forms.

## Industry: Construction Trades

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Product Waste	Product wastes
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Paint	Waste paint/spent thinner Paint thinner distillation sludge Paint booth filers
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Dry cleaning

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Generic Form 2	Spent dry cleaning solvent (Perc or alternative)
Generic Form 2	Waste distillation sludge
Generic Form 2	Waste filters
Generic Form 2	Separator wash
Batteries	Batteries
Lamps	Fluorescent lamps
Used oil	Used oil (compressor)
Generic Form 2	Other

## Industry: Equipment and tool maintenance and repair\*

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Batteries	Lead-acid batteries Batteries
Generic Form 2	Lead wheel weights
Generic Form 2	Antifreeze
Lamps	Fluorescent lamps
Refrigerants	Refrigerants
Paint	Waste paint/spent thinner Paint thinner distillation sludge Paint booth filers
Generic Form 2	Other

\*Businesses in this industry can complete the Hazardous Waste Licensing Step 2 online form for vehicle, equipment and tool maintenance and repair industries instead of submitting the paper specific waste forms.

## Industry: Healthcare – Dental clinic

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Amalgam	Waste amalgam Wastewater with amalgam Waste amalgam filters or sludge
Pharmaceuticals	Waste, expired or unused pharmaceuticals
Pharmaceuticals for Reverse Distribution	Waste, expired or unused pharmaceuticals (reverse distribution)
Photo or X-Ray Film	X-ray film Lead foil
Photo or X-Ray Fixer	Silver recovery unit sludge Spent fixer
Sterilization	Sterilization (tape, pouches)
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Healthcare – Long-term care facility

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Pharmaceuticals	Waste, expired or unused pharmaceuticals, including acutely toxic, controlled substances and dual wastes
Pharmaceuticals for Reverse Distribution	Waste, expired or unused pharmaceuticals (reverse distribution)
Sterilization	Sterilization (tape, pouches)
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Healthcare – Medical clinic

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Pharmaceuticals	Waste, expired or unused pharmaceuticals, including acutely toxic, controlled substances and dual wastes
Pharmaceuticals for Reverse Distribution	Waste, expired or unused pharmaceuticals (reverse distribution)
Photo or X-Ray Film	X-ray film
Photo or X-Ray Fixer	Silver recovery unit sludge Spent fixer
Sterilization	Sterilization (tape, pouches)
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Healthcare – Pharmacy

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Pharmaceuticals	Waste, expired or unused pharmaceuticals, including acutely toxic, controlled substances and dual wastes
Pharmaceuticals for Reverse Distribution	Waste, expired or unused pharmaceuticals (reverse distribution)
Sterilization	Sterilization (tape, pouches)
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Healthcare – Veterinary clinic

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Pharmaceuticals	Waste, expired or unused pharmaceuticals, including controlled substances
Pharmaceuticals for Reverse Distribution	Waste, expired or unused pharmaceuticals (reverse distribution)
Photo or X-Ray Film	X-ray film
Photo or X-Ray Fixer	Silver recovery unit sludge Spent fixer
Laboratory Wastes	Laboratory wastes
Sterilization	Sterilization (tape, pouches)
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Machining and manufacturing

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge
Water-Based Parts Washer	Water-based (aqueous) parts washer
Aerosols	Aerosols
Paint	Waste paint/spent thinner Paint thinner distillation sludge Paint booth filters
Batteries	Lead-acid batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Metal finishing

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Generic Form 2	Waste acids
Generic Form 2	Waste caustics
Generic Form 2	Process bath filters
Generic Form 2	Process bath sludges
Generic Form 2	Process bath solution
Generic Form 2	Process rinses
Generic Form 2	Floor cleanup wastes
Generic Form 2	Ion exchange canisters
Generic Form 2	Air handling equipment wastes
Batteries	Lead-acid batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Painting

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Paint	Waste paint/spent thinner Paint thinner distillation sludge Paint booth filters Solvent/paint rags
Used Oil	Used oil Used oil filters
Aerosols	Aerosols
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Printing

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Ink and Press Wash Solvent	Waste press wash (shipped) Waste press wash (stored prior to distillation) Waste press wash distillation sludge Waste ink
Towels	Launderable rags or towels Disposal rags or towels
Photo and X-Ray Fixer	Used fixer
Photo and X-Ray Film	Used film
Used Oil	Oil and related wastes
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Property services, property maintenance and landscaping services

<b>Fill out this self-audit form:</b>	<b>For these wastes that are typically generated by this industry:</b>
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Batteries	Lead-acid batteries Batteries
Generic Form 2	Lead wheel weights
Generic Form 2	Antifreeze
Lamps	Fluorescent lamps
Product Wastes	Miscellaneous chemical products
Generic Form 2	Other

## Industry: Retail

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Product Wastes	Product wastes
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge
Water-Based Parts Washer	Water-based (aqueous) parts washer
Paint	Waste paint
Used Oil	Used oil and related wastes
Batteries	Batteries
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Transportation services

<b>Fill out this self-audit form:</b>	<b>For these wastes that are typically generated by this industry:</b>
Product Wastes	Product wastes
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Batteries	Lead-acid batteries Batteries
Generic Form 2	Lead wheel weights
Generic Form 2	Antifreeze
Lamps	Fluorescent lamps
Generic Form 2	Other

## Industry: Vehicle repair\*

<b>Fill out this self-audit form:</b>	<b>For these wastes that typically generated by this industry:</b>
Used Oil	Used oil Used oil filters Used oil sorbents/disposable rags/floor dry Launderable rags or towels
Parts Washer	Petroleum solvent-based parts washer Solvent-based parts washing filters Solvent-based parts washing sludge Non-chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.) Chlorinated cleaners (e.g., aerosol brake, carburetor, electric, etc.)
Water-Based Parts Washer	Water-based (aqueous) parts washer
Batteries	Lead-acid batteries Batteries
Generic Form 2	Lead wheel weights
Generic Form 2	Antifreeze
Lamps	Fluorescent lamps
Refrigerants	Refrigerants
Generic Form 2	Other

\*Businesses in this industry can complete the Hazardous Waste Licensing Step 2 online form for vehicle, equipment and tool maintenance and repair industries instead of submitting the paper specific waste forms.
