

Hennepin County Community-Based Housing Support Provider List

Housing Support (formerly known as GRH) is a state-funded income supplement for housing costs and, in some instances, supportive services for low-income people with disabilities. The benefit is never paid directly to a landlord but must be paid to an approved Housing Support Provider who receives the benefit and pays rent and utilities on behalf of the tenant. Housing Support providers have applied to Hennepin County and entered into a Housing Support Agreement to manage these benefits on behalf of low-income and disabled residents. If an individual's housing is dependent on Housing Support funding, they should never be placed in housing without first identifying an approved Housing Support provider.

The providers listed in the chart below have a Housing Support agreement with Hennepin County to administer community-based programs, including Housing with Services Independent (HWS-I) and Long-term Homeless (LTH).

- Click [here](#) for more information on getting connected with a Housing Support provider.
- Click [here](#) for more information on becoming a Housing Support provider.
- Click [here](#) for more information about the Housing Support program.

Please note: The following list does not indicate if providers have current openings in their program(s). Contact the provider directly for more information.
