Long Term Services & Supports

Promoting Choice and Independence

Seniors and persons with disabilities receive help to live in their communities as independently as possible through services offered by aging and disability services. Our professionals help people access available home and community-based services and possible funding sources so that they can remain in their home longer and prevent or delay institutional care.

To make a referral to Hennepin County's "front door".

Call the access and initial consultation phone number at **612-348-4111** and select **option 1 for English then 0 for Front Door**.

- General inquiries and consultation do not need the specific person's information.
- Referrals for in-person assessments require the following:
 - 1) Person's name, birth date, Social Security number, address, phone number and contact information.
 - 2) Income, asset, and health insurance information
 - 3) Summary information on health and functioning level

It's Working!

It's Working! This flexible, creative and unique, self-directed vocational work program that is county funded. The program is for people with developmental disabilities who have case management and currently aren't open to waiver services. This program enables you to employ your own staff, write your own plan and identify vocational services that will help the person with a disability find and maintain employment. **If you qualify there is currently no waiting list.**

Program criteria

- For those people with disabilities age 14 to adults who don't have waiver services and have DD case management in Hennepin County.
- The program can pay for staff support, vocational assessments, on the job training, goods related to work, job searches and technical assistance and more. It has helped several people start their own business.

Who will benefit from the information? Case managers and interested participants who don't currently have waiver services, are aged 14 through adulthood and have a county or contracted case manager for developmental disabilities, and/or related conditions.

Electronically:

More information is available on YouTube about this program.

- When registering include the title It's Working, your name, your phone number and email address. We will forward to you the specific training topic within one week of your registration.

d.a.c Family Center—Serving Spanish families, children, youth with disabilities.

www.dacfamiliycenter.org

As elders, advocates, educators and friends, the Ana and Kevin Pérez serve Spanish families, children, youth with disabilities, helping them over the hurdles of the healthcare, public services, schools and community systems. By being a constant source of support, d.a.c. has become a home away from home for the diverse community it serves.

- **Educate** We help you understand your child, youth, adult or family member with disability, and teach you how to get the resources they need, and the support you need. Our training is offered to make sure they understand their rights and responsibilities under IDEA also ADA.
- **Connect** We work closely with each family to bridge the culture and language gap that can be frustrating when dealing with hospitals, clinics, schools, and social services. We also host a weekly support group to help families connect with others who are experiencing disabilities. We also provide different trainings and bring resources from the community.
- **Listen** No two families are the same. By listening to your family's needs we make sure you get personalized support to help you cope with disability. From attending hospital appointments, to visiting with you at your home, we are there for you every step of the way.
