Program Overview

Hennepin County Waste Generation

- About 1.3 million tons of municipal solid waste were generated in 2022.
- Add up all the waste created in the county in a year and it's enough to fill Target Field more than **11** times.

Bridging the Gap

- Simply giving information has little or no effect on behavior
- But pairing personal contact with information is effective
- As a CRA volunteer you'll inspire people to change the way they think about and manage their waste

Course Subjects

- Technical topics
 - Solid waste management
 - Recycling/organics process
- Volunteer training
 - Interacting with the community
 - Motivating behavior change

Resources

- hennepin.us/current-recycling-ambassadors
- Course manual
- Handouts and activity kits
- Facebook group
- Each other!
