About this Report

The Department of Community Corrections and Rehabilitation has been tracking Correctional Out-of-Home Placements (COHP) for juvenile offenders since 2009. This report describes youth who were in out of home placement during the fourth quarter of 2017.

This report provides a breakdown of the youth in open and closed placements. Placements open on the last day of the quarter (i.e., December 31, 2017) are broken out by race and gender. Average length of stay is broken out by race and reported for closed placements. Placement Type is classified in several ways. Overall, placements are organized by Hennepin County (HC), Greater Minnesota (MN), and Out of State (OS). Within those categories, placements are broken out by Residential Treatment Center (RTC) placements, Sex Offender (SO) placements County Home School (CHS-HC only) placements, and other placements. Other placements include: Foster Homes, Shelters, Transition, Group Homes and Evaluation.

Data is pulled 45 days after each quarter ends from the juvenile case management information system (MAIn) using the COHP Population Report.
