

Metro SHAPE  
2014

HENNEPIN COUNTY  
**REGION DATA BOOK**  
**WEST SUBURBS**

## ACKNOWLEDGMENTS

*Metro SHAPE 2014* was a joint project by eight public health departments: City of Bloomington Public Health Division, Carver County Public Health and Environment Division, Dakota County Public Health Department, Hennepin County Public Health, City of Minneapolis Health Department, Saint Paul-Ramsey County Public Health, Scott County Public Health, and Washington County Department of Public Health and Environment.

The Metro SHAPE project staff would like to thank the many individuals, community organizations, and subject matter experts who provided advice and support for the development of *Metro SHAPE 2014*. The project staff would especially like to thank the more than 12,000 residents of the metro region who generously took time to complete the *Metro SHAPE 2014* survey.

## INTRODUCTION

The 2014 Metro Survey of the Health of All the Population and the Environment, or *Metro SHAPE 2014*, is a regional, coordinated public health surveillance effort in the Twin Cities metro region of Minnesota. The project gathered data on health and factors that affect health for adults of eight participating jurisdictions, including six metro area counties (Carver, Dakota, Hennepin, Ramsey, Scott, and Washington) and three metro area cities (Bloomington, Minneapolis, and Saint Paul).

This data book, the *Metro SHAPE 2014 Hennepin County Region Data Book-West Suburbs*, an extraction from the *Metro SHAPE 2014 Hennepin County Geographic Data Book*, reports data from survey respondents who live in the west suburban area of Hennepin County.

The cities included in this region are: Deephaven, Excelsior, Greenfield, Greenwood, Hopkins, Independence, Long Lake, Loretto, Maple Plain, Medina, Minnetonka, Minnetonka Beach, Minnetrista, Mound, Orono, Rockford, Saint Bonifacius, Saint Louis Park, Shorewood, Spring Park, Tonka Bay, Wayzata, and Woodland.

*Metro SHAPE 2014* collected information on adults through a mixed-mode online and mail survey sent to randomly selected households. The online component was developed using Qualtrics, an online survey software program. The Hennepin County Public Health Department oversaw the data collection effort, which was supported by a contracted vendor, Wilder Research.

See the Design and methodology summary in the *Metro SHAPE 2014 Hennepin County Geographic Data Book* for more information.

The *Metro SHAPE 2014* survey collected information from adults on the following health topics, or domains:

- Overall health;
- Health care access;
- Healthy lifestyle and behaviors;
- Social-environmental factors.

The *Metro SHAPE 2014 Hennepin County Geographic Data Book* reported the results for Hennepin County as a whole along with a number of breakdowns by geography, gender, age groups, and household income.

In addition to the *Metro SHAPE 2014 Geographic Data Book*, the *Metro SHAPE 2014 Hennepin County Disparities Data Book* reports health indicators from different population groups within Hennepin County to identify

health disparities. This report contains information by age, educational attainment, income, sexual orientation and gender identity, disability status, mental health, and selected racial/ethnic groups. By analyzing health indicators by these factors, users can identify inequities in health within specific populations that are not reflected in overall reporting.

The number of persons aged 25 and older who completed the *Metro SHAPE 2014* survey is shown in Table 1.

**Table 1: Metro SHAPE 2014 Respondents' demographic characteristic (adults aged 25 and older)**

Demographic	West Suburbs	Suburban Hennepin County	Hennepin County
<b>Total</b>	1,670	5,255	8,578
<b>Age</b>			
25-44	383	1,148	2,321
45-64	691	2,115	2,463
65+	594	1,980	1,773
<b>Gender</b>			
Male	618	1,918	3,134
Female	1,052	3,336	5,442
<b>Race/Ethnicity</b>			
Hispanic/Latino	21	66	137
Non-Hispanic Asian	39	137	232
Non-Hispanic US-born Black	24	86	296
Non-Hispanic White	1,528	4,785	7,542

The findings in this report are subject to various limitations, such as low response rate, self-selection bias, and non-response bias. In addition, one cannot directly compare the results listed in the *Metro SHAPE 2014 Data Book* with previous SHAPE or Metro Adult Health Survey data books. One reason is because previous data books reported the results for adults aged 18 and older whereas the *Metro SHAPE 2014* data book reports the results for adults aged 25 and older. For assistance in interpreting these results, please contact SHAPE@Hennepin.us.

All the Hennepin County data books from the *Metro SHAPE 2014* project and previous Hennepin County SHAPE data are available at [www.Hennepin.us/SHAPE](http://www.Hennepin.us/SHAPE). Contact SHAPE@Hennepin.us for more information.

## Overall Health

### SHAPE Region: West Suburbs

In general, would you say your health is ... ?

	<u>West Suburbs</u>	<u>Suburban Hennepin County</u>	<u>Hennepin County</u>
Excellent	20.7%	18.4%	18.5%
Very Good	47.0%	45.1%	45.0%
Good	26.4%	29.7%	28.9%
Fair	4.7%	5.8%	6.6%
Poor	*1.2%	1.0%	1.0%

Thinking about your physical health, which includes physical illness and injury, for how many days during the past 30 days was your physical health not good?

	<u>West Suburbs</u>	<u>Suburban Hennepin County</u>	<u>Hennepin County</u>
0 days	60.0%	59.0%	56.5%
1 or 2 days	19.0%	19.0%	19.4%
3 to 7 days	12.8%	13.1%	14.3%
8 to 13 days	2.4%	3.5%	3.4%
14 or more days	5.9%	5.5%	6.4%

Thinking about your mental health, which includes stress, depression, and problems with emotions, for how many days during the past 30 days was your mental health not good?

	<u>West Suburbs</u>	<u>Suburban Hennepin County</u>	<u>Hennepin County</u>
0 days	58.3%	56.6%	53.2%
1 or 2 days	15.2%	16.6%	17.0%
3 to 7 days	15.8%	15.2%	16.6%
8 to 13 days	5.1%	4.9%	5.4%
14 or more days	5.7%	6.7%	7.8%

Total number of unhealthy days during the past 30 days, including both unhealthy physical health and unhealthy mental health days

	<u>West Suburbs</u>	<u>Suburban Hennepin County</u>	<u>Hennepin County</u>
0 days	42.0%	39.6%	36.8%
1 or 2 days	16.5%	18.0%	17.3%
3 to 7 days	22.9%	22.4%	23.9%
8 to 13 days	7.5%	8.1%	8.7%
14 or more days	11.1%	11.9%	13.3%

\* Estimate is potentially unreliable and should be used with caution. (Relative Standard Error is >30% and ≤ 50%)

^ Estimate does not meet criteria for statistical reliability and should be used with extreme caution. (Relative Standard Error >50%)

## Overall Health

### SHAPE Region: West Suburbs

During the past 30 days, for about how many days did poor physical or mental health keep you from doing your usual activities, such as work, recreation, and taking care of yourself?

	West Suburbs	Suburban Hennepin County	Hennepin County
0 days	76.2%	75.0%	71.5%
1 or 2 days	11.0%	11.7%	13.0%
3 to 7 days	7.7%	7.6%	8.8%
8 to 13 days	1.4%	2.0%	2.2%
14 or more days	3.6%	3.6%	4.5%

Average number of unhealthy days during the past 30 days

	West Suburbs	Suburban Hennepin County	Hennepin County
Unhealthy physical health days	2.5	2.5	2.8
Unhealthy mental health days	2.6	2.9	3.2
Unhealthy physical and unhealthy mental health days	4.6	4.9	5.4
Days when poor health interfered with usual activities	1.5	1.6	1.8

Have you ever been told by a doctor or other health professional that you had ... ?

	West Suburbs	Suburban Hennepin County	Hennepin County
Hypertension, also called high blood pressure	21.2%	21.5%	21.1%
Borderline high blood pressure or pre-hypertension	20.6%	21.9%	21.2%
Diabetes or sugar disease	5.7%	5.9%	6.1%
Pre-diabetes or borderline diabetes	7.3%	7.9%	8.0%
High blood cholesterol	33.2%	31.5%	30.0%
Heart attack	2.6%	2.1%	2.0%
Angina or coronary heart disease	3.1%	3.1%	2.9%
Stroke	1.4%	1.5%	1.7%
Any of the three	5.1%	5.0%	4.8%
Arthritis or rheumatism			
Among persons aged 25 and older	19.2%	19.1%	18.3%
Among persons aged 55 and older	37.2%	39.0%	39.1%
Among persons aged 65 and older	47.1%	49.8%	49.9%
Asthma			
Ever had asthma	11.3%	10.8%	11.8%
Currently has asthma	6.4%	6.4%	7.3%

\* Estimate is potentially unreliable and should be used with caution. (Relative Standard Error is >30% and ≤ 50%)

^ Estimate does not meet criteria for statistical reliability and should be used with extreme caution. (Relative Standard Error >50%)

## Overall Health

### SHAPE Region: West Suburbs

Because of any impairment or health problem, do you need help from another person in handling routine needs such as everyday household chores, business, shopping, or getting around for other purposes?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 55 and older	7.0%	7.7%	8.8%
Among persons aged 65 and older	9.7%	10.9%	11.7%

\* Estimate is potentially unreliable and should be used with caution. (Relative Standard Error is >30% and ≤ 50%)

^ Estimate does not meet criteria for statistical reliability and should be used with extreme caution. (Relative Standard Error >50%)

# Metro SHAPE 2014

## Access to Health Care

### SHAPE Region: West Suburbs

Do you currently have any kind of health care coverage, including health insurance, prepaid plans such as HMOs, or government plans such as Medical Assistance, Medicare, Indian Health Services, or any plan through MNSure?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 25 and older	90.1%	89.8%	90.1%
Among persons aged 25 to 64	88.9%	88.7%	89.1%

During the past 12 months, did you have health insurance for the entire year, only part of the year, or were you not insured for the entire year?

	West Suburbs	Suburban Hennepin County	Hennepin County
Insured the entire year	87.1%	86.4%	85.2%
Insured only part of the year	11.4%	11.9%	12.6%
Uninsured the entire year	*1.5%	1.7%	2.3%

During the past 12 months how difficult has it been for you and your family to pay for health insurance premiums, co-pays, and deductibles?

	West Suburbs	Suburban Hennepin County	Hennepin County
Very difficult	3.2%	5.5%	5.6%
Somewhat difficult	15.6%	14.6%	15.3%
Not too difficult	25.9%	27.0%	26.7%
Not at all difficult	52.5%	50.5%	48.7%
Not applicable	2.9%	2.4%	3.6%

During the past 12 months, was there a time you needed medical care?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 25 and older	64.1%	64.5%	65.0%
Among persons who needed care			
Delayed or did not get the needed care	17.2%	17.6%	18.9%
Among persons who delayed or did not get care			
Was that due to cost or lack of insurance?	67.9%	72.2%	68.9%

\* Estimate is potentially unreliable and should be used with caution. (Relative Standard Error is >30% and ≤ 50%)

^ Estimate does not meet criteria for statistical reliability and should be used with extreme caution. (Relative Standard Error >50%)

# Metro SHAPE 2014

## Access to Health Care

### SHAPE Region: West Suburbs

During the past 12 months was there a time when you wanted to talk with or seek help from a health professional about stress, depression, a problem with emotions, excessive worrying, or troubling thoughts?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 25 and older	22.4%	21.0%	24.2%
Among persons who needed care			
Delayed or did not get the needed care	49.4%	53.4%	52.7%
Among persons who delayed or did not get care			
Was that due to cost or lack of insurance?	38.3%	43.9%	45.7%

Do you have one person you think of as your personal doctor or health care provider?

	West Suburbs	Suburban Hennepin County	Hennepin County
Yes, only one person	51.6%	50.7%	48.6%
More than one person	31.5%	30.0%	29.3%
No, no personal doctor or provider	16.9%	19.3%	22.2%

When you are sick or need medical care, where do you usually go?

	West Suburbs	Suburban Hennepin County	Hennepin County
Doctor's office, clinic, public health or community clinic	79.0%	80.5%	80.8%
Hospital emergency room	^1.3%	*0.8%	1.3%
Urgent Care Center	9.7%	8.8%	7.9%
Clinic located in a drug or grocery store	3.8%	3.4%	3.0%
No usual place	4.7%	4.8%	5.3%

Do you take any prescription medication on a regular basis, other than birth control pills?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 25 and older	52.4%	52.2%	50.3%
Among persons aged 65 and older	83.8%	85.9%	85.3%

During the past 12 months, was there any time you skipped doses, took smaller amounts of your prescription, or did not fill a prescription because you could not afford it?

	West Suburbs	Suburban Hennepin County	Hennepin County
Among persons aged 25 and older who regularly take prescription medications	8.3%	8.8%	11.2%
Among persons aged 65 and older who regularly take prescription medications	5.3%	5.0%	6.0%

\* Estimate is potentially unreliable and should be used with caution. (Relative Standard Error is >30% and ≤ 50%)

^ Estimate does not meet criteria for statistical reliability and should be used with extreme caution. (Relative Standard Error >50%)
