

## Create a Hennepin County account guide

Hennepin Health members will need to create a Hennepin County account to authenticate themselves and allow their health data to be released to the third-party app. Members can create the Hennepin County account through the app or create the account ahead of time by following the steps below. (Your Hennepin County account maybe used to access other county resources and services.)

### How to create a Hennepin County account

**Step 1:** [Click on this link](#)
