Did You Receive a Good Faith Estimate for your Upcoming Visit?

If you received a Good Faith Estimate (GFE) recently, it may not reflect your newest benefits. Your insurance or Medicaid coverage may have changed or expired.

A GFE **is not a bill**. You may or may not be charged the full amount listed on the GFE. It lists the items or services that can be reasonably expected for your health care needs, and it shows you how much the items and services will cost. This is based on what we know at the time we make the estimate.

If you have new benefits information or questions, please call us at **612-543-2500** to update us over the phone. You may also update your benefits information on [MyChart](#) or bring your newest information to your next visit.
